**Certification**

I understand that the Emergency Broadband Benefit ("EBB") is a temporary FCC program which offers a subsidy up to \$50 for your Internet connection with participating Internet providers. I certify that I understand the terms of the program, found at [www.GetEmergencyBroadband.org](http://www.GetEmergencyBroadband.org), and my household is eligible for the EBB benefit. I certify that I successfully completed my online application at [www.GetEmergencyBroadband.org](http://www.GetEmergencyBroadband.org).

I understand that the Emergency Broadband Benefit is limited to one monthly service discount per household, and I have not requested to use this discount with any other provider except Optico Fiber. I authorize Optico Fiber to apply my EBB funds to my Internet connectivity service with Optico Fiber, commencing in the next eligible billing cycle. If my monthly service fees exceed the subsidy amount, I am responsible for payment of the difference. Upon termination of the EBB program, I understand that I am responsible for full payment of the regularly monthly fees. If the EBB program ends before the end of a billing cycle, I may receive a reduced EBB benefit in the final month of the EBB program. I authorize Optico Fiber to charge any fees which are not covered by the EBB program to the payment method on file or used at subscription. I understand that my service remains subject to the Optico Fiber Terms of Service during and after termination of the EBB program.
